

June 20th –Community Shares Annual Meeting

Willette Crawford was a show stopper at this year's Greater Cleveland Community Shares Annual Meeting and Reception, when she spoke about her involvement with Greater Cleveland Habitat for Humanity Women Build. Willette was invited to speak at the event, along with Women Build Coordinator, Jessica Sklarski, representing one of the major accomplishments of Greater Cleveland Habitat for Humanity in 2005. Willette shared with the captive audience her story and dreams, including her tentative application to become a Partner Family, having a yard for her children to play in, and living next door to her cousin in a neighborhood they used to visit as children.
